Fund commentary

- June saw a retracement in various holdings following strong appreciation in prior months. Key detractors included copper mining holdings such as Teck Resources and Grupo Mexico.
- The Fund had a few large positive contributors with standout names in the energy sector including CNOOC, Woodside Energy and Stanmore Resources.
- The Fund added to existing positions in Sands China and French holdings Airbus and Spie, and trimmed its position in oil company CNOOC following strong price performance. Prior to trimming, CNOOC was one the Fund's largest positions.

Important Notice

This Report is issued by PM Capital Limited ABN 69 083 644 731 AFSL 230222 as responsible entity for the PM Capital Global Companies Fund (ARSN 092 434 618, the 'Fund'). It contains summary information only to provide an insight into how we make our investment decisions. This information does not constitute advice or recommendations, and is subject to change without notice. It does not take into account the objectives, financial situation or needs of any investor which should be considered before investing. Investors should consider the Target Market Determination and the current Product Disclosure Statement (which are available on the PM Capital website), and obtain their own financial advice prior to making an investment decision. The PDS explains how the Fund's Net Asset Value is calculated. Past performance is not a reliable guide to future performance and the capital and income of any investment may go down as well as up due to various market forces. The investment objective is not a forecast, and is only an indication of what the investment strategy aims to achieve over the medium to long term. The Index is the MSCI World Net Total Return Index in Australian dollars, net dividends reinvested. See www.msci.com for further information on the Index.
